

# MEDAL OF HONOR ALLIED ASSAULT™ BREAKTHROUGH

## Install Guide

### SYSTEM REQUIREMENTS

#### MINIMUM CONFIGURATION

- Windows® XP, Windows Me, Windows 2000, Windows 98, or Windows 95
- Previous installation of *Medal of Honor Allied Assault™*
- 733 MHz Intel® Pentium® III or 700 MHz AMD® Athlon™ processor
- 128 MB RAM
- 8x CD-ROM/DVD-ROM drive
- 800 MB free hard disk space plus space for saved games (additional space required for Windows swap-file)
- 16 MB OpenGL capable video card using an NVIDIA™ TNT2, GeForce™ or greater; ATI® Rage 128, Radeon® or greater; or PowerVR Kyro II with OpenGL and DirectX 8.0 compatible driver
- DirectX 8.0 compatible sound card
- Keyboard; Mouse

#### RECOMMENDED

- 1 GHz or faster Intel Pentium III or AMD Athlon processor
- 32 MB or greater supported OpenGL capable video card with OpenGL and DirectX 8.0 compatible driver

## REQUIRED FOR MULTIPLAYER GAMES

### INTERNET (2-32 PLAYERS)

- 56 Kbps or faster Internet connection
- 1 disc/player per computer

### NETWORK (2-64 PLAYERS)

- TCP/IP compliant network
- 1 disc/player per computer

## INTRODUCTION

Thank you for purchasing *Medal of Honor Allied Assault™ Breakthrough Expansion Pack*. This Install Guide will assist you in installing and running the game on your system, as well as provide valuable troubleshooting and support information.

Please take time to ensure your system meets the Minimum Configuration requirements. It is essential that your system meets these requirements in order for *Medal of Honor Allied Assault Breakthrough* to function properly.

## DISK PREPARATION

Before you install any software, it is critical that your hard drive be in proper working order. We recommend running ScanDisk, Disk Defragmenter, and Disk Cleanup.

ScanDisk searches your hard drive for lost allocation units as well as cross-linked files and directories. Disk Defragmenter ensures that your data is sorted properly, thereby helping to prevent corrupt data. Disk Cleanup clears unnecessary files from your system, freeing up disk space and preventing conflicts that might stop the game from installing correctly.

## INSTALL GUIDE

### To run ScanDisk (Windows Me, 98, or 95):

1. Left-click the  **Start** button from the Windows Taskbar. The Start menu opens.
2. From the Start menu, select **Run....**
3. In the Run dialog box, type **scandisk**, then click **OK**. ScanDisk opens.
- Make sure a check mark appears in the **Automatically fix errors** box, then select the drive to which you are installing the game (e.g., C:).
4. Click **START** to begin ScanDisk.

### To run Disk Defragmenter:

1. Left-click the  **Start** button from the Windows Taskbar. The Start menu opens.
2. From the Start menu, select **Run....**
3. In the Run dialog box, type **dfrg.msc** (or **defrag** if using Windows Me, 98, or 95), then click **OK**. The Select Drive dialog box appears.
4. Select the drive to which you are installing the game.
5. Click **Defragment** (or **OK**) to begin Disk Defragmenter.

### To run Disk Cleanup:

1. Left-click the  **Start** button from the Windows Taskbar. The Start menu opens.
2. From the Start menu, select **Run....**
3. In the Run dialog box, type **cleanmgr**, then click **OK**. The Select Drive dialog box appears.
4. Select the drive to which you are installing the game, then click **OK**. The Disk Cleanup window appears.
5. In the Files to delete: field, make sure a checkmark appears in the **Temporary files** box (if present). If any other boxes are checked, uncheck them.
6. Click **OK** to begin Disk Cleanup.
7. A prompt appears asking for verification to delete files. Click **YES**.

## INSTALLING THE GAME

✓ **NOTE:** You must have *Medal of Honor Allied Assault* installed on your computer in order to install the *Medal of Honor Allied Assault Breakthrough Expansion Pack*.

### To install *Medal of Honor Allied Assault Breakthrough*:

1. Start the Windows operating system.
2. Close all open programs and background tasks, including virus scanners (➤ *General Performance/Lockups* on p. 8 for more info).
3. Insert the *Medal of Honor Allied Assault Breakthrough* disc into your CD-ROM/DVD-ROM drive. The Autorun menu appears.  
  
✓ **NOTE:** If the Autorun menu does not automatically appear, left-click the  **Start** button from the Windows Taskbar and select **Run....** Type **D:\autorun.exe** in the Run dialog box, then click **OK** (substitute the correct letter of your CD-ROM/DVD-ROM drive if other than 'D:').
4. Click **INSTALL**. The CD-KEY window appears.
5. Enter the CD-KEY number found on the back of the *Medal of Honor Allied Assault Breakthrough* CD jewel case and click **NEXT**. The Welcome screen appears. Click **NEXT** here as well to continue to the Destination Folder screen.
6. The installer automatically chooses your destination folder based on where you have installed *Medal of Honor Allied Assault*.  
 *Medal of Honor Allied Assault Breakthrough* cannot be installed to a folder that does not contain *Medal of Honor Allied Assault*.
7. Click **NEXT**. The Program Group screen appears.  
 The default Start menu Program folder is **EA GAMES / Medal of Honor Allied Assault Breakthrough**. Select a different folder from the list of existing folders if you want to change this.
8. Click **NEXT** to begin copying the game files.
9. After all the files have copied, click **FINISH** to complete the installation. The game is installed.

## STARTING THE GAME

To start *Medal of Honor Allied Assault Breakthrough* (with disc already in drive):

1. Close all open programs and background tasks, including virus scanners (➤ *General Performance/Lockups* on p. 8 for more info).
2. Left-click the  **Start** button from the Windows Taskbar and select **All Programs** (or **Programs**) > **EA GAMES** > **Medal of Honor Allied Assault Breakthrough** > **Medal of Honor Allied Assault Breakthrough**.

To start *Medal of Honor Allied Assault Breakthrough* (without disc already in drive):

1. Start the Windows operating system.
2. Close all open programs and background tasks, including virus scanners (➤ *General Performance/Lockups* on p. 8 for more info).
3. Insert the *Medal of Honor Allied Assault Breakthrough* disc into your CD-ROM/DVD-ROM drive. The Autorun menu appears.  
✓ **NOTE:** If the Autorun menu does not automatically appear, left-click the  **Start** button from the Windows Taskbar and select **Run....** Type **D:\autorun.exe** in the Run dialog box, then click **OK** (substitute the correct letter of your CD-ROM/DVD-ROM drive if other than 'D:').
4. Left-click the **Play** button.  
✓ **NOTE:** Please see the *Medal of Honor Allied Assault Breakthrough* manual for game play instructions.

## UNINSTALLING/RE-INSTALLING THE GAME

If you are having problems or the game did not install correctly the first time, we recommend re-installing the game.

### To uninstall *Medal of Honor Allied Assault Breakthrough*:

1. Start the Windows operating system.
2. Left-click the  **Start** button from the Windows Taskbar and select **All Programs** (or **Programs**) > **EA GAMES** > **Medal of Honor Allied Assault Breakthrough** > **Uninstall MOHAAB**.
3. Follow the on-screen instructions to complete the uninstall process.

✓ **NOTE:** You can choose to keep files that were created after the installation of *Medal of Honor Allied Assault Breakthrough*, such as saved games, on the hard drive during the uninstall process. If you wish to continue to use these files, simply re-install the game to the same directory.

### To re-install *Medal of Honor Allied Assault Breakthrough*:

- Follow the *Installing the Game* instructions on page 4.

## PROBLEMS WITH YOUR SOFTWARE?

If you are having a problem installing or using your software, we want to help.

- Please make sure you have read thoroughly the *System Requirements* and *Installing the Game* sections. It is essential that your system meets the Minimum Configuration requirements for the game.

If you followed the directions and are still having trouble installing or operating the software, below are some troubleshooting tips that might help solve the problem.

## DIRECTX PROBLEMS

One of the most important aspects of trouble-shooting your system will be determining its compatibility with Microsoft's DirectX. DirectX is an Application Programming Interface (API) that gives Windows based applications high-performance access to your system's hardware. This makes the DirectX API well suited for Windows games. *Medal of Honor Allied Assault Breakthrough* uses DirectX 8.0.

There are two considerations to be made. First, you must be sure that you have DirectX 8.0 (or higher) installed on your computer. Second, you must make sure that your existing hardware (your video and sound cards) has "drivers" that are *fully compatible* with the version of DirectX that you have installed. A "driver" is the software provided by your hardware manufacturer that allows your hardware to communicate with DirectX and Windows. It is essential that your video and sound drivers are fully up to date.

Three DirectX components, DirectDraw™, Direct3D, and DirectSound™, may require updating your video card and sound card drivers for proper operation. Using video card and sound card drivers that do not support DirectX, or that were written for an earlier version of DirectX, will result in various performance, display, and audio problems when running DirectX based applications.

**To check your system's DirectX compatibility** (to see if your video card and sound card drivers have DirectX support):

1. Left-click the  **Start** button on your Windows Taskbar, then click **Run....**
2. In the Run dialog box, type **dxdiag** then click **OK**.
3. Click on the Display and Sound tabs for the video and sound devices that you will be using to run the game.

The Drivers section of each tab displays the driver version number and whether or not your driver is Certified (or Signed) by Microsoft as supporting DirectX 8.0.

- If the Certified or Signed field states "No" in this section, you should contact your manufacturer to obtain updated drivers that support DirectX 8.0. This can usually be accomplished by

visiting the manufacturer's website and downloading the proper files. Contact your manufacturer directly for assistance in updating your drivers.

- ⇒ If the Certified or Signed field states "Yes" in this section, your video card or sound card supports DirectX 8.0 and should work properly in DirectX 8.0 applications.
- ⇒ You should also make sure that the driver version number is 4.13.xx.xxxx or higher (for example: 4.10.00.0000 would be good, while 4.03.00.0000 would indicate that the driver needs to be updated.)
- ⇒ Finally, refer to the Notes field at the bottom of each tab. These will provide useful information about the status of the drivers.

## GENERAL PERFORMANCE/LOCKUPS

In some cases, programs that are running on your system can monopolize resources that the game needs in order to install, load and run properly. Not all of these programs are immediately visible. There are a number of programs, called "background tasks", that are always running on your system.

✓ **IMPORTANT NOTE:** While shutting down background tasks will optimize your system for running *Medal of Honor Allied Assault Breakthrough*, these background tasks' features will be unavailable once shut down. Be sure to re-enable background tasks after playing *Medal of Honor Allied Assault Breakthrough* by restarting your computer.

## ANTI-VIRUS/CRASH GUARD PROGRAMS

If your system is running Anti-Virus or Crash Guard programs you will need to close or disable them to run *Medal of Honor Allied Assault Breakthrough*. To do this, find the icon for the program on the Windows taskbar. Right-click the icon and select "close", "disable", or the relevant option. Please note that these programs will be reactivated the next time you restart your computer.

## GENERAL BACKGROUND TASKS

Once Anti-Virus and Crash Guard programs have been disabled, you should end all unnecessary general background tasks.

### To view and close background tasks (Windows XP):

1. Hold down the **Ctrl** and **Alt** keys, then tap the **Delete** key. The Windows Task Manager appears.
2. Click the **Applications** tab. This tab displays a list of all background tasks running on your system.
3. To end a background task, click on its name in the list, then click the **End Task** button.
4. Repeat this process until *all* the background tasks are closed.

✓ **NOTE:** The Task Manager allows you to close "Processes" in addition to Applications. Many of the listed Processes are necessary Windows functions that should not be closed. Therefore, we recommend you only close Applications and do not close any Processes.

### To view and close background tasks (Windows 2000):

1. Hold down the **Ctrl** and **Alt** keys, then tap the **Delete** key. The Windows Security pop-up appears.
2. Select **Task Manager**. The Windows Task Manager appears.
3. Click the **Applications** tab. This tab displays a list of all background tasks running on your system.
4. To end a background task, click on its name in the list, then click the **End Task** button.
5. Repeat this process until *all* the background tasks are closed.

It is important to remember that the next time you restart your computer, all of the background tasks that you ended will reactivate.

✓ **NOTE:** The Task Manager allows you to close "Processes" in addition to Applications. Many of the listed Processes are necessary Windows functions that should not be closed. Therefore, we recommend you only close Applications and do not close any Processes.

## MEDAL OF HONOR ALLIED ASSAULT™ BREAKTHROUGH

To view and close background tasks (Windows Me, 98, or 95):

1. Hold down the **Ctrl** and **Alt** keys on your keyboard, then tap the **Delete** key. The Close Program window appears. Inside this window is a list of all background tasks running on your system.
  - It is important that you DO NOT CLOSE the background tasks named Explorer and Systray. All other background tasks may be ended.
2. To end a background task, click on its name in the list, then click the **End Task** button.
3. The Close Program window closes and the task is ended.
4. Repeat until only Explorer and Systray remain.

It is important to remember that the next time you restart your computer, all of the of the background tasks that you closed /ended will return/reactivate.

### MOTHERBOARD CHIPSET

If you are continuing to have performance problems and have already ensured that your system is completely compatible with DirectX 8.0 ([➤ DirectX Problems on p. 7](#)), you should check with your system manufacturer for the availability of updated motherboard chipset drivers. Updating your motherboard drivers will usually enhance the performance and functionality of your system's video, hard drive, and CD-ROM/DVD-ROM drive controllers. Please consult your system manufacturer or motherboard documentation for assistance.

### CD-ROM/DVD-ROM PROBLEMS

A 8x-speed or faster CD-ROM/DVD-ROM drive is required to run *Medal of Honor Allied Assault Breakthrough*.

#### RECEIVE "FILE NOT FOUND" ERROR MESSAGE WHEN INSTALLING OR RUNNING THE GAME

- Make sure the disc is in the CD-ROM/DVD-ROM drive. The disc must be in the drive to install or run the game.
- Make sure the disc is clean and not scratched or damaged.

## CD-ROM/DVD-ROM PERFORMANCE PROBLEMS

- Make sure you are using a 32-bit native Windows driver to control your CD-ROM/DVD-ROM drive.

### To verify that you are using 32-bit drivers (Windows Me or 98):

1. Left-click the  **Start** button from the Windows Taskbar and select **Settings > Control Panel**.
2. From the Control Panel, double-click **System**. The System Properties appear.
3. Click the **Performance** tab.

✓ **NOTE:** If the Performance Status states that your system is configured for optimal performance, you are using 32-bit Windows native drivers and do not need to update them. If not, you may need to update your CD-ROM/DVD-ROM drivers. Contact your manufacturer for assistance.

- Do not use a DOS-based 16-bit driver to control your CD-ROM/DVD-ROM drive (loaded in CONFIG.SYS) as it may significantly reduce performance.

## VIDEO PROBLEMS

*Medal of Honor Allied Assault Breakthrough* requires a video card capable of 640x480 resolution with 16-bit color depth. In addition, the video card must have at least 16 MB of video memory and be completely compatible with OpenGL and DirectX 8.0.

The most common cause of video problems is an outdated video driver (➤ *DirectX Problems* on p. 7). Please ensure that you are using the latest driver available for your video card. Refer to your manufacturer's website or contact them for assistance if necessary.

You should also experiment with the various display settings available in *Medal of Honor Allied Assault Breakthrough*. In general, lowering the detail settings, resolution, and color depth should help the performance of the game.

Also, make sure your video card and monitor are capable of displaying the resolution and color depth you have selected. Refer to your hardware documentation for help.

## MEMORY PROBLEMS

*Medal of Honor Allied Assault Breakthrough* requires 128 MB RAM and Virtual Memory ENABLED. We advise letting Windows manage the amount of virtual memory automatically (the default setting) and having *at least* 500 MB free space on the main hard drive (the drive that contains Windows, typically 'C:') after installation. Please refer to your system documentation or manufacturer if you need help configuring your virtual memory.

## SOUND PROBLEMS

*Medal of Honor Allied Assault Breakthrough* requires a sound card with DirectX 8.0 compatibility. If your sound card driver is not fully compatible with DirectX 8.0, you may experience choppy or stuttering sound, or sound that cuts in and out. In this case, we recommend obtaining updated drivers from your sound card manufacturer (➤ *DirectX Problems* on p. 7).

### INSTALLED SOUND CARD, BUT THERE IS NO SOUND

- Make sure your speakers or headphones are plugged into the appropriate jack, are turned on, and the volume control is turned up. If the problem persists, contact your manufacturer.

## NETWORK PROBLEMS

*Medal of Honor Allied Assault Breakthrough* requires a TCP/IP compliant network and network interface card for network play. If you experience difficulties with network play, consult your network manual or network administrator for specific information on loading drivers.

### CONNECTION PROBLEMS

- Make sure the computers you are trying to connect are on the same network and are all using the required protocol.

## INSTALL GUIDE

- ❑ Do not run any applications that communicate over the network in the background (e.g., mail programs, personal schedulers, network monitors, or instant messengers) while playing a network game.

### TESTING NETWORK CONNECTIVITY

It is possible to test your network status with DirectX.

1. Click the  **Start** button on your Windows Taskbar, then click **Run....**
2. In the Run dialog box, type **dxdiag** then click **OK**.
3. Click the **Network** tab.
4. Click the **Test DirectPlay** button, then highlight the network protocol you will be using from the list of Service Providers.
5. Make sure that the button next to **Create New Session** is selected, then click **OK**. A DirectPlay Chat test session opens.
6. To test your network connectivity, other users must attempt to join your DirectPlay Chat test session. To join your test session, other users should follow steps 1-4, select **Join Existing Session**, and click **OK**.
7. Attempt to chat by typing a message and clicking **Send**.

Test results are displayed in the Notes field upon closing the test session. Contact your network administrator if results indicate that a problem exists or if other users have difficulty joining your Chat test session.

### IP ADDRESS

If you do not know what your TCP/IP address is, you can find out by following these steps:

#### To determine your IP address (Windows XP and 2000):

1. Establish a direct Internet connection.
2. Click the  **Start** button and select **Run....**
3. Type **cmd** in the Run dialog box, then click **OK**. A command prompt window opens.
4. Type **ipconfig** and press **Enter**. A list of information is displayed, including your current **IP Address**.

## MEDAL OF HONOR ALLIED ASSAULT™ BREAKTHROUGH

5. Record this number and close this window when finished.

### To determine your IP address (Windows Me or 98):

1. Establish a direct Internet connection.
2. Click the  **Start** button and select **Run....**
3. Type **winipcfg** in the Run dialog box, then click **OK**. The IP Configuration utility opens.
4. Select the network device you are using to connect to the Internet from the available choices in the drop down box.
- Your IP address is the number displayed in the **IP Address** field.
5. Record this number and close this window when finished.

## NETWORK PERFORMANCE ISSUES

There are various adjustments you can make to be sure you get the best performance out of your network game. These apply to the host computer as well as the client computers. Try them on the host first as this may solve all the problems.

- Make sure the host computer (the one that creates the network game) is the fastest of the computers, as it controls the game speed.
- High-traffic networks slow the game down considerably. Avoid playing the game at peak traffic hours, while there are large file transfers or print jobs being done.
- The slowest computer limits performance. Adjusting the resolution, detail settings, etc. on a slow machine can help boost performance in a network game.

## TCP AND UDP PORT INFO

*Medal of Honor Allied Assault Breakthrough* uses the following TCP and UDP port(s) for Internet play:

TCP ports: 12203 (default), 12204-12218

UDP port: 12300

To host games over GameSpy, the following TCP and UDP ports must be open: 6667, 3783, 27900, 28900, 29900, 29901, 13139, 6515.

## TECHNICAL SUPPORT

If you have trouble with *Medal of Honor Allied Assault Breakthrough*, EA Technical Support can help. In addition to the material provided in the *Problems with Your Software?* (> p. 6), *Medal of Honor Allied Assault Breakthrough* includes the *EA Help* file that provides solutions and answers to the most common difficulties and questions about how to properly use this product. It also allows you to send a detailed report of your problem directly to EA Technical Support via e-mail.

### To access the *EA Help* file:

1. Start the Windows operating system.
2. Insert the *Medal of Honor Allied Assault Breakthrough* disc into your CD-ROM/DVD-ROM drive. The Autorun menu appears.  
**✓ NOTE:** If the Autorun menu does not automatically appear, left-click the  **Start** button from the Windows Taskbar and select **Run...** Type **D:\autorun.exe** in the Run dialog box, then click **OK** (substitute the correct letter of your CD-ROM/DVD-ROM drive if other than 'D:').
3. Click the **Tech Support** button on the Autorun menu. *EA Help* opens.

If you are still experiencing difficulty after utilizing the information in the *EA Help* file, you can also use it to contact EA Technical Support. *EA Help* contains a utility that detects your system's hardware and organizes this information into a detailed report. This report helps EA Technical Support solve your problem in the quickest possible time. Please note that you will need to have registered your copy of *Medal of Honor Allied Assault Breakthrough* in order to take advantage of this utility.

### To run the utility:

1. Launch the *EA Help* file.
2. Go to **page 2** of the Welcome screen by clicking the small arrow in the bottom corner.
3. Click the **Contact Tech Support** button. The utility opens.
4. Click **OK** to begin detecting your hardware.

## MEDAL OF HONOR ALLIED ASSAULT™ BREAKTHROUGH

When it finishes, you can view the gathered information by looking through the various category tabs. To send this information to EA Technical Support, fill out the blank sections under the User tab including a detailed description of the problem you are experiencing and click **Send** (if you have an open Internet connection) or **Save Info** (if you wish to e-mail the file manually). A copy of the report is automatically saved to your Windows desktop.

### EA TECHNICAL SUPPORT ON THE INTERNET

If you have Internet access, be sure to check our EA Technical Support website at:

**<http://techsupport.ea.com>**

Here you will find a wealth of information on DirectX, game controllers, modems, and networks, as well as information on regular system maintenance and performance. Our website contains up-to-date information on the most common difficulties, game-specific help, and frequently asked questions (FAQs). This is the same information our support technicians use to troubleshoot your performance issues. We keep the support website updated on a daily basis, so please check here first for no-wait solutions.

If you are unable to find the information you need on our website, please feel free to contact EA Technical Support via e-mail, phone, or letter. *Please be sure to include the EA Help utility report in your e-mail or letter.*

#### To run the utility:

1. Launch the *EA Help* file.
2. Go to **page 2** of the Welcome screen by clicking the small arrow in the bottom corner.
3. Click the **Contact Tech Support** button. The utility opens.
4. Click **OK** to begin detecting your hardware.

## INSTALL GUIDE

If you need to talk to someone immediately, call us at (650) 628-8468 Monday through Friday between 8:30-11:45 AM or 1:00-4:30 PM, Pacific Standard Time. *Please have the EA Help utility report printed and ready when you call.* This will help us service your call in the quickest possible time. **No hints or codes are available from (650) 628-8468. You must call the EA HINTS & INFORMATION HOTLINE for hints, tips, or codes.**

## WARRANTY

### ELECTRONIC ARTS LIMITED WARRANTY

Electronic Arts warrants to the original purchaser of this product that the recording medium on which the software program(s) are recorded (the "**Recording Medium**") and the documentation that is included with this product (the "**Manual**") are free from defects in materials and workmanship for a period of 90 days from the date of purchase. If the Recording Medium or the Manual is found to be defective within 90 days from the date of purchase, Electronic Arts agrees to replace the Recording Medium or Manual free of charge upon receipt of the Recording Medium or Manual at its service center, postage paid, with proof of purchase. This warranty is limited to the Recording Medium containing the software program and the Manual that were originally provided by Electronic Arts. This warranty shall not be applicable and shall be void if, in the judgment of Electronic Arts, the defect has arisen through abuse, mistreatment or neglect.

This limited warranty is in lieu of all other warranties, whether oral or written, express or implied, including any warranty of merchantability or fitness for a particular purpose, and no other representation of any nature shall be binding on or obligate Electronic Arts. If any such warranties are incapable of exclusion, then such warranties applicable to this product, including implied warranties of merchantability and fitness for a particular purpose, are limited to the 90-day period described above. In no event will Electronic Arts be liable for any special, incidental, or consequential damages resulting from possession, use or mal-

## INSTALL GUIDE

function of this Electronic Arts product, including damage to property, and to the extent permitted by law, damages for personal injury, even if Electronic Arts has been advised of the possibility of such damages. Some states do not allow limitation as to how long an implied warranty lasts and/or exclusions or limitation of incidental or consequential damages so the above limitations and/or exclusion of liability may not apply to you. In such jurisdictions, the Electronic Arts' liability shall be limited to the fullest extent permitted by law. This warranty gives you specific rights. You may also have other rights that vary from state to state.

### RETURNS WITHIN THE 90-DAY WARRANTY PERIOD

Please return the product along with (1) a copy of the original sales receipt, showing the date of purchase, (2) a brief description of the difficulty you are experiencing and (3) your name, address and phone number to the address below and Electronic Arts will mail a replacement Recording Medium and/or Manual to you. If the product was damaged through misuse or accident, this 90-day warranty is rendered void and you will need to follow the instructions for returns after the 90-day warranty period. We strongly recommend that you send your product using a traceable delivery method. Electronic Arts is not responsible for products not in its possession.

### RETURNS AFTER THE 90-DAY WARRANTY PERIOD

If the defect in the Recording Medium or Manual resulted from abuse, mistreatment or neglect, or if the Recording Medium or Manual is found to be defective after 90 days from the date of purchase, please return the product along with (1) a check or money order for \$7.50 made payable to Electronic Arts, (2) a brief description of the difficulty you are experiencing and (3) your name, address and phone number to the address below, and Electronic Arts will mail a replacement Recording Medium and/or Manual to you. We strongly recommend that you send your product using a traceable delivery method. Electronic Arts is not responsible for products not in its possession.
